

B2

## 政綱 Election Platform:

I have been practising as a solicitor in private for almost 20 years.

Through my service in The Council of the Law Society of Hong Kong over the past 13 years, I have come to fully appreciate and recognise the importance of:

- maintaining our professionalism
- upholding the rule of law
- serving the public.

I will fight for fair competition and fair trade within the sector.

I will fight to introduce legislation for Limited Liability Partnership. I will fight for more resources from the Administration to boost the infrastructure which supports the rule of law.
